

**Laithes**  
Primary School

**My name is Lucy Murray**

I am the Parent Support Advisor at  
Laithes Primary School

## **What I aim to achieve as a Parent Support Advisor:**

I want to help you as a parent become more confident by working closely with you and your family. I hope to do this by providing you with services and information that will be relevant to your family and situation.

I work with a great team of staff in school and also with a variety of outside agencies.

My door is always open for you and also for your child to come and see me about anything throughout their day at school.

## **What I do as your Parent Support Advisor:**

- Be approachable for any problems or queries you may have, whether it is school related or not
- Provide private and confidential support with parents/carers that is tailored to your situation
- Help improve your child's attendance
- Offer support and advice with your child's behaviour
- Provide opportunities to meet with other parents/carers through regular events, e.g. coffee mornings
- Provide parenting courses here at school
- Provide information about other services and sources of information

## Contact

You can contact me through school by telephone or on site. I will be available during school hours. Alternatively, you can make an appointment.

Please don't hesitate to contact me for friendly advice.
